SLEEP ISSUES? UNIQUE PROGRAM IN SOMERVILLE COULD BE AN EYE-OPENER

Free Seminar, Clinic, Expert Talk, Exhibit

Thursday, March 10 Community Event Is Open to All

BOSTON, MASS. (Issued MARCH 2011) -- Here's a first-of-its-kind program designed for the 10% of the population that has some form of sleep disordered breathing and may or may not know it.

One of New England's leading medical equipment suppliers is sponsoring a unique '**CPAP ROAD TOUR**' on **Thursday, March 10 from 12:00 noon to 6:00 p.m. at the Holiday Inn, 30 Washington St., Somerville (Mass.)**, three blocks from Sullivan Square. There is free parking and the program is free and open to all. The hotel is two blocks from the T's Sullivan Station.

CPAP (continuous positive airway pressure) devices use air pressure to keep airways open, helping individuals with sleep disordered breathing to get a better night's sleep.

Provided as a community service by Reliable Respiratory, the program will include a presentation at 3 p.m. by noted Registered Respiratory Therapist Bob Chase who has over 40 years in the airway management field. Chase has worked with thousands of patients, including such well-known personalities as late actor Christopher Reeve following his horseback riding accident, and U.S. House Speaker Thomas P. 'Tip' O'Neill. He is Reliable Respiratory's Director of Respiratory Clinical Services, working with patients to ensure compliance and cost-containment.

Attendees can try out new CPAP masks, check their CPAP pressure, see the latest equipment, and learn sleep tips. CPAP Road Tour coordinator Connie Chappell says advance reservations aren't necessary unless a person wants to schedule a complimentary mask fitting with a Respiratory Therapist. All are welcome. Free refreshments will be available.

Sponsors of the CPAP Road Tour are three leading medical equipment makers: ResMed, Philips Respironics, and Fisher & Paykel Healthcare.

Reliable Respiratory coordinates care with physicians specializing in sleep disordered medicine, provides routine maintenance of equipment, and handles insurance billing. The company is an in-network provider for respiratory equipment with most major insurance companies.

To schedule a mask clinic at your health care facility, and for information on upcoming 'CPAP Road Tour' dates and locations, contact Connie Chappell: rccpaproadtour@gmail.com / chaplassoc@verizon.net / 781-844-1640. For more information on CPAP units and masks: 781-551-3335 / www.ReliableRespiratory.com.
